

NICORETTE® QuickMist®

For fast relief from cravings

How to properly use NICORETTE® QuickMist®

LOAD

Slide the black button down until it can be pushed lightly inwards

PUSH

While pushing in, slide upwards

LOCK

Keep sliding black button upwards until the top of the dispenser locks into place

PRIME

Prime the pump by pressing the top firmly until a fine mist appears. Re-prime the pump if QUICKMIST® hasn't been used in several days

PRESS

Press dispenser top firmly to release one spray under the tongue while avoiding lips

CLOSE

To close, slide the black button down until it can be pushed lightly inwards; while gently pushing in, slide down to lock – then release
